

# Autumn Woods Classic 10 km

Elm Creek Park, Maple Grove, MN

## Splits

- 1 mile:** 12' past first street light past the south end of the chalet. PK nail on west edge of path.,
- 2 mile:** in the middle of lightly treed open area on right PK nail on right edge of path.
- 3 mile:** on hill, in the woods, 350' before bridge. PK nail on right edge of path.
- 4 mile:** at crest of abrupt hill. PK nail at the right edge of path
- 5 mile:** in middle of large field, 175' west of old hedgerow. PK nail in north track of dirt road.
- 6 mile:** past horse trail, and 22' past the back of a horse trail sign. PK nail on left side of path.

Course measured on shortest path assuming full access to the road or path surface.

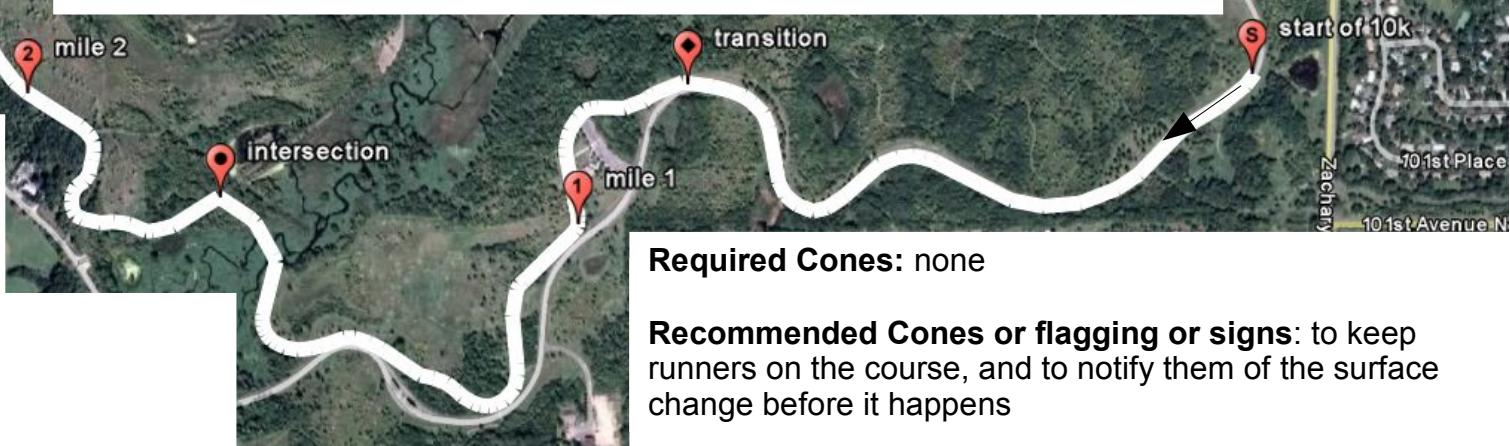

Course Measurer: Bruce Leasure  
Measured on: August 1, 2008

**Start:** Going south from the finish line, past the stop sign, then 26m past the storm drain in the grass on the west side of the road. Mark start line between PK nails on both sides of the road. PK nail on east is slightly further from the finish line because of bend in the road.

**Finish:** In approximate middle of large grassy area to the west. PK nails on both sides of the road are aligned with the tree that is closest to the road on the west. Make finish line between the PK nails.

**Required Cones:** none

**Recommended Cones or flagging or signs:** to keep runners on the course, and to notify them of the surface change before it happens

**Transitions:** most of the course is on an asphalt bike / walk path. Transitions mark where the surface changes. Provide adequate notification for runners encountering wet grass surfaces.
